

What do they **THINKS?**

water system through
bore wheels is
no economical since
there are changes of
them drying
up amid summer

agriculturist
75% of his
water to
carry
out water
system

Punjab
has way
better water
system
strategy in
India

incapable to pay
bank credits is one of
the major problem
related to water
system additionally to
agriculturists suicide

What do they **DOES?**

look
for budgetary
back from
government

those who
are incapable to
oversee their ranches
gave their lands
for rent

What do they **FEELS?**

banks are
not giving appropri-
ate monetary offer
assistance

appropriate cap-
acity office to
store grands
must
be accessible

What do they **SAYS?**

water system
strategy
to be progress

water system
strategy to be progress
online
volunteering gives di-
rection to ranchers

climatic
conditions, need of
water, budgetary bolster
and innovation are
major water
system related issue

most of
the individuals
dwell in
cities.

PAIN?

adopting
smart farming
at large scale

internet
connection
is slower.

GAIN?

cost
effective
method

high quality
crop
production
